This semester our color guard worked hard to prepare for important events like Spring Commissioning and many commencement ceremonies. Practices consist of working with rifles and flags as well as learning how to present and work together as a team. Recently, they have been working on rifle maneuvers to practice for a drill team coming next semester.

Ranger Challenge

In the fall, we had many cadets try out for the ranger challenge team. This year, there was no official challenge due to COVID. However, we didn't want to let their hard work go to waste so we had a battalion competition instead. Alpha and Bravo teams both did extremely well and every cadet worked hard in each event of the day. Overall, both teams were tied until the test portion, where Alpha team beat Bravo by three points and therefore taking the competition as a whole. Good job to everyone who participated and congratulations Alpha!

Spring Commissioning

This spring we had eight cadets commission into being Second Lieutenants. They had the honor of listening to the Chrisman Battalion's very own General Peterson's advice during their ceremony. Each of them have worked very hard in their time in ROTC as well as college and we are very excited to see what they will achieve in their careers and in their respective fields. Good luck and congratulations!

2nd LT John Hall has branched Infantry.

2nd LT Anna Drapeau has branched Medical Services in the Washington National Guard.
