Internship Program Admissions

| |
|---|
| <p>Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program’s policies on intern selection and practicum and academic preparation requirements:</p> |
| <p>The University of Idaho Counseling & Mental Health Center internship offers training and supervised experiences for interns to develop advanced skills by providing the varied services offered through a busy university counseling center. The internship prepares interns to work in university counseling centers as well as many other mental health settings that serve the young adult/adult population. Our educational philosophy is based on a developmental model which emphasizes the integration of scholarly knowledge to the applied practice of psychology. The training faculty is committed to providing excellent and supportive supervision and mentorship to facilitate the development of advanced skills and professional identity. Multicultural competence is an important value of the CMHC and is integrated into didactic and experiential training activities. Major Training Experiences include: Intervention: Individual Counseling (Major emphasis; Short-term model). Group Counseling (Skill building and process groups.) Couples Counseling (Gottman Relationship method, minor emphasis.) Crisis Counseling (Weekly supervised crisis coverage, no after-hours on-call). Psychological Assessment & Testing- ADHD/LD assessment (Major emphasis). Other assessments are also possible (ASD, personality, etc.)</p> |

Consultation & Outreach- Didactic & experiential training on models of consultation and effective outreach programs. Each intern serves as a consultant/liaison to an affiliate multicultural partner office (e.g., College Assistant Migrant Program, Office of Multicultural Affairs, Native American Student Center, Interns provide outreach programs on mental health topics to their liaison partners and other campus groups. Other outreach activities include campus mental health screenings.

Diversity-Didactic and experiential training to increase understanding, knowledge, and skills related to individual and cultural diversity.

Supervision-Didactic training on models of supervision and competency-based supervision. Applied practice providing nonclinical supervision and mentoring for undergraduate psychology majors.

Alcohol & Other Drugs Assessment & Intervention- Didactic training on harm reduction interventions, motivational interviewing, and more. Experiential activities include campus screenings, individual assessments (BASICS) and counseling, and alcohol and marijuana psychoeducational workshops (CHOICES).

Biofeedback-*New this year!* Didactic & experiential training on the theory and applied practice of biofeedback interventions.
