Declaration deadlines.

Nichols Accounting:

Issues with Addon's and buyers addresses

- Multiple Address are wrong on the report of buyers to the kids
- Treys suggest that we set up a new procedure on buyer input.
  - Noted that the new office was loud and there we no reconfirming of addresses at the time of sale.
  - Robins suggested that we have a form that each buyer fills out and we confirm with computer and reconfirm after entry.
  - We need to follow a chain of command for calling Nichols.
    - We need to communicate this with all the families.
      - Debbie volunteered to double check the names.
      - Please send all address info to Holly- [Crossbranch5@gmail.com](mailto:Crossbranch5@gmail.com)

Questions for Carcass minus on the check.... Trey led a discussion and educated us on the process of how the cattle carcass contest is evaluated.

### **Motions presented at this meeting and to be voted on at the January meeting.**

Trey moved that no sale forms not turned in on time as stated in the fair book, 1 hour after your last market class. You will get scratched from the sale and will No sell. Second by Janine Hodges

Trey moved that if you do not get your sale photo taken with every market animal will result in No Sell. Second By: Janine Hodges

Trey suggested that a member of this committee attend the species/Superintendent meeting at the fair to help reinforce these changes. Also that a member from this committee be present at the photo station to help track kids.

Samantha Ball presented some information regarding buying new livestock scales for the CCF, the fair was wondering if the Canyon County Market Livestock Committee would like to share in this cost of the scales. Every year we pay \$2000.00 to fix the scales and get them certified. Portable scales would be optimal for many reasons. We have the Opportunity to purchase new scales that are being used at the Denver Stock Shows in January 2023 and then sold at a Highly discounted price. Proposal was given to the COOP at the last meeting that we split this cost since we both use the scales. Purchase price would be \$10,000.00 from the Committee and \$10,000.00 from the Fair. The Scales come with a 5-year

warranty. The Seller said they have scales that they sold 30 years ago that are still in use. They will still need to be recertified each year.

Trey moved that the Canyon County Market Livestock Committee authorize purchase half the cost of two sets new livestock scales up to \$10,000.00. Second by: Malorie Turner

Janine Hodges amended the main motion to stating that the Canyon County Fair cover the cost of maintenance and certification in the future of these new scales. Second by Malorie Turner Motion Passed with Unanimous consent
